GERMAN ENVOYS ON WAY TO SIGN PEACE PACT THREE O'CLOCK P. M. SATURDAY IS HOUR SET

GERMAN OFFICIALS PASS THROUGH COLOGNE ON WAY TO VERSAILLES FOR FORMAL SIGNING OF PEACE TERMS AND BRINGING WORLD WAR TO AN END.

COUNCIL FIXES HOUR OF SIGNING

WILSON BIDS FAREWELL TO NEWSPAPER MEN FRIDAY AFTERNOON — INTERNAL DISTURBANCES IN GERMANY ARE INCREASING RAPIDLY.

(By Associated Press)

PARIS, JUNE 27.—(Associated Press)—Plans were completed by the council of four today for the signing of the peace treaty at three o'clock Saturday afternoon. No official statement was issued by the council.

President Wilson received American newspaper men at the Hotel de Crillon at two o'clock this afternoon and said his goodbyes to them.

Dr. Hermann Mueller, German Foreign Minister, and Dr. Johannes Bell, Minister of the Colonies, are on their way from Berlin to Versailles to sign the treaty of peace, having passed through Cologne this morning.

They are expected to reach their destination Saturday morning, and arrangements are proceeding for the signing of the treaty at 3 o'clock Saturday afternoon.

Notwithstanding the probability that the formal signing of the treaty seems near to accomplishment, Paris reports intimate that there is a feeling among the allied delegates that the signing may not bring to a close the tense situation between the allies and Germany.

A bad impression as to the stability of the present German government has been created in Paris. It is pointed out that there is no provision in the treaty as to when Germany must ratify the document, and it is feared there may be vexatious delays before peace is actually restored.

Meanwhile, a Stuttgart dispatch to a Berlin newspaper states that former Emperor William, who for the last seven months has been at Amerongen, Holland, is planning to return to Germany before the allies can demand his surrender by the Netherlands government.

The Stuttgart telegram declares that the departure of the former emperor would be welcomed by Holland, as he is "an unwelcome guest," and his continued presence in that country may prove embarrassing.

Dispatches report the internal situation becoming increasingly serious. Affairs at Hamburg are decidedly in a bad way, and there are numerous reports of communist movements in existence or in prospect, while the counter revolutionary movement is said to be brewing in the eastern part of the country.

OLLIE PECORD IS SELECTED TO REFEREE FIGHT

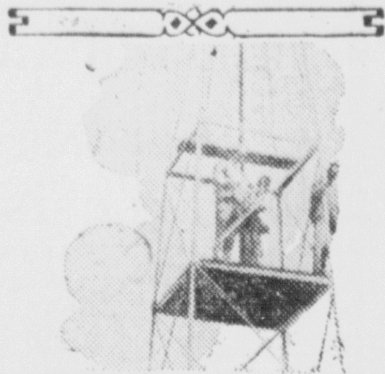

Tex Rickard and Drexel Biddle Additional Judges.

(By Associated Press.)

Toledo, O., June 27.—Ollie Pecord, official referee of the Toledo Boxing Commission, will be the third man in the ring when Jess Willard and Jack Dempsey meet in their heavyweight championship bout here July 4th.

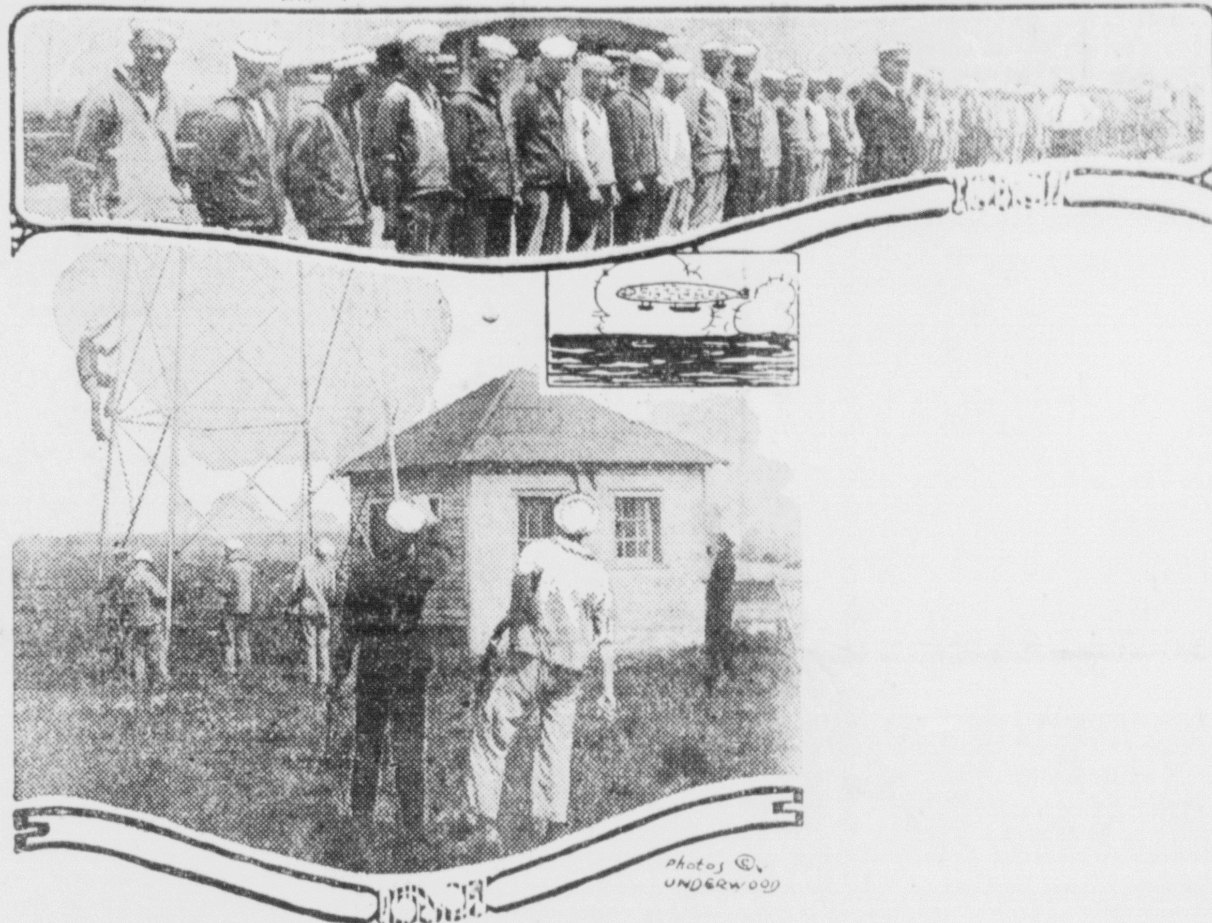

Tex Rickard, promoter of the contest and Major A. J. Drexel Biddle, a wealthy sportsman of Philadelphia, were selected to serve with Pecord as judges of the contest.

U. S. PREPARING ROOSEVELT FIELD, MINEOLA, FOR USE OF GIANT BRITISH DIRIGIBLE MAKING OCEAN FLIGHT

A squadron of American airships are to fly out to sea to escort the British dirigible R-34, the largest aircraft in the world, to the U. S. shores if it arrives on this side as expected. The U. S. navy and army have scoured the country for the best dirigible handlers and mechanics who are now rushing preparations at Roosevelt field to receive the giant craft.

The R-34 is due here on a non-stop trans-Atlantic flight from England. Experts from the U. S. navy are also erecting a wireless telephone and telegraph station at the field to direct the dirigible to the landing place. It will communicate with the crew at a distance of 250 miles. British representatives are ready also to welcome the craft.

Photos show the aerial station being erected to direct England's huge dirigible to Mineola during trans-Atlantic flight and a group of the best dirigible handlers and mechanics from the U. S. army and navy who are making preparations to receive the giant R-34.

ACTION OF WILSON IS UNCERTAIN

Wild Rumors Afloat as to Repeal of War Time Prohibition Before July 1st.

WILSON KEEPING MUM

Drys Claim President Without Power to Repeal Edict Until War is Ended.

(By Associated Press)

Washington, June 27.—Despite a multitude of rumors and reports as to what President Wilson intends to do on annulling wartime prohibition, so far as it affects wines and beers, after July 1, apparently there is no one in Washington who knows the President's mind, and there is no agreement among administration officials as to the likelihood of his action.

Those who hold that the President will take no action declare he is without power to do so until the final termination of the state of war. They say his recommendation to

MAYOR THREATENED BY REDS, URGES DRASTIC MEASURES

Mayor Harry L. Davis.

the extraordinary session of Congress for repeal of the prohibition statutes in part was based on an opinion from the Attorney General's office that Congress had shorn him of the power to take action at this time.

Prohibition is made effective by the law until the termination of the war and thereafter until the President shall have declared demobilization completed and therefore the legal advisors hold prohibition cannot be annulled without Congressional action until the treaty of peace has been ratified.

Berlin, June 27.—General Groener, who succeeded Field Marshal von Hindenburg as German chief of staff has tendered his resignation to President Ebert, but has agreed to remain at his post until the situation in the eastern provinces becomes stabilized.

REPORT OUT ALL LEGISLATION FOR DRY ENFORCEMENT

Judiciary Committee of House Acts.

No Action Probable Before the 4th of July.

(By Associated Press)

Washington, June 27.—The House Judiciary Committee today voted 17 to 2 to report out all prohibition enforcement legislation in one general bill with the war-time enforcement measure set down as part one.

The bill as finally amended by the committee will be sent to the House tomorrow and Chairman Volstead will ask for a rule for its immediate consideration.

Members said, however, it was not likely action would be taken until after July 4th.

LABOR TO MAKE GREAT PROTEST

(By Associated Press)

Southport, England, June 27.—British, French and Italian labor representatives have decided to make a general demonstration on July 20th or 21st to protest against allied intervention in Russia.

It was explained the demonstration would be an attempt to prevent the governments of Europe from adopting a reactionary policy.

JOHNSON AFTER SEN. POMERENE

(By Associated Press)

Washington, June 27.—Representative Johnson, democrat, of Kentucky, asked Speaker Gillette today whether he would have the right to refer to Senator Pomerene of Ohio by name and submit documentary evidence in support of his address which the Senate has asked to be expunged from the records as "imputing dishonorable motives and conduct" to the Ohio Senator.

The address was made recently during a debate in the House. Speaker Gillette reserved his ruling.

THINK WILSON MIGHT ACCEPT A COMPROMISE

However Supporters of League Pact Say He will Stand Firm for Ratification.

RESERVATION DISCUSSED

Opponents Apparently Fighting Losing Game in Protest Against League.

(Special to The Herald)

Washington, June 27.—Suggestions that President Wilson might be willing to accept certain reservations in the ratification of the League of Nations were advanced by senators opposing the league and promptly discounted by the President's supporters today when conferences were resumed in preparation for the ratification fight.

Administration leaders declared the President and a majority in the Senate would stand determinedly for unreserved ratification. Because of the diversity of views among covenant opponents they argued, it would be impossible to muster a majority for any specific reservation.

In the conferences of the opposition senators there was also much talk of a reservation excluding from Senate approval sections of the treaty not included in the league covenant.

TAFT SPEAKS AT THE CETENARY IS BANQUETED

Big Dirigible Makes Appearance For Exhibition

(By Associated Press)

Columbus, O., June 27.—Former President Wm. H. Taft was the principal speaker at the Methodist Centenary exposition today. He, with other speakers, delivered addresses on various phases of Sunday school work.

Tonight Mr. Taft will be the guest of honor at a huge banquet in the Masonic Temple. Arrangements are made for seating 1,000 persons.

The army dirigible A-4 arrived here this morning and was exhibited at the Centenary grounds. A sermon was delivered from the dirigible by use of a telephone.

ASCERTAIN WILLIE NOT IN GERMANY

Official Investigation Made by Dutch Shows that He is Still in Holland

WAS "OUT ON A LARK"

Thursday's Report of official British Origin Said to be False.

(By Associated Press)

The Hague, June 27.—Frederich Wilhelm Hohenzollern, the former German Crown Prince, whose escape from Holland to Germany had been reported, was still at his residence on the Island of Wieringen, in the Zuyder Zee, this morning, it was officially announced here this afternoon.

The fact that the former crown prince was still on the island was disclosed by an official investigation.

Thursday's report of the escape of the former crown prince from his internment it appears from available advices, came from British official sources in Paris.

The accuracy of the news apparently was accepted without question in peace conference circles.

As the hours passed without details of the reported happenings, doubt began to arise whether the British advices were correct. It was even suggested in one Paris newspaper that the ex-crown prince had been out on a lark within Dutch territorial limits and that this had given rise to reports that he had fled into Germany.

RANDALL MAKES ANOTHER KICK AGAINST BOUT

Wires Governor Cox From Washington.

Cox Not at Office and No Reply Made.

(By Associated Press)

Washington, June 27.—Representative Randall, prohibitionist of California, who yesterday introduced a resolution requesting Governor Cox to prevent the Willard-Dempsey fight at Toledo, telegraphed the governor today that "the enlightened public sentiment of this country is against this proposed disgraceful exhibition and looks to you to prevent it."

GOVERNOR OUT

(By Associated Press)

Columbus, O., June 27.—Governor Cox was not at his office today. No one at the office would comment on the Randall resolution or on his telegram.

Centenary Celebration Columbus

Described by William C. Freeman,
Associated with Paul Block, Inc.
New York, Chicago, Detroit, Boston.

In commercial life A A A stands for the highest rating.

By a strange coincidence C C C, for the first time, stands for the greatest Exposition ever staged in America.

There is another thing about the Centenary Celebration Columbus that is quite as unusual as the Exhibition itself.

The Centenary Celebration Columbus opened its gates on Friday, June 20th, and is scheduled to close them on Sunday, July 13th.

The first advertisement of this Centenary Celebration Columbus appears today, Friday, June 27th.

It is one of 13 advertisements—the last one of which will appear on Friday, July 11th.

FAITH IGNORES SUPERSTITION — AND FAITH IS THE BACKBONE OF THE CENTENARY CELEBRATION COLUMBUS.

How did it come to pass that I am describing this Centenary Celebration Columbus to you?

The Committee in charge asked me to visit the Ohio State Fair Grounds, Columbus, where the celebration is staged.

They asked me to inspect the buildings and exhibits as far as I could during a period of three hours, and then to report to them my impressions.

They wanted me to find out for myself whether the Centenary Celebration possessed attractions that would appeal to the multitude. If I found myself interested as a stranger, then they wished me to submit a plan to advertise the Celebration to all of the people of Ohio and to people outside of Ohio, but living near enough to Columbus to make the trip a day's affair.

I became so interested in the Celebration that the time for me to meet the Committee arrived before I realized it—but I kept my appointment on the minute, and when I was asked to give them my impressions and suggestions, I found myself so enthused with what I saw (think you, I saw only a very small part of the exhibit) I almost forgot to talk about the advertising plan. However, I believe it was my enthusiasm about the wonders of the Celebration rather than the details of the advertising plan that influenced the committee to vote unanimously to have me give you a word picture of what I have seen and WHAT EVERY ONE OF YOU SHOULD SEE WITHOUT FAIL.

They thought, and rightly, too, that if I, a stranger, was so profoundly impressed, you would also be impressed if I could persuade you to visit the Exposition, which I will try to do, in this and following announcements.

Forget the time required to make the trip.

Forget the time required to make the trip.

Forget the cost of the food you will eat, which, by the way, may be had on the Fair Grounds at little cost—or you may bring your own luncheons or suppers and eat them on the beautiful lawns which are shaded by wonderful trees.

The Fair Grounds and the buildings are in apple-pie condition, thanks to the enterprise and generosity of your good state of Ohio which voted a special appropriation to assist in making the Centenary Celebration in Columbus a success.

Nothing that I have ever seen—and I have seen many expositions—comes anywhere near equaling this Centenary Celebration Columbus—in INTEREST, IN INSTRUCTION, IN ENTERTAINMENT, IN MOTION, IN CHARACTER, IN UPLIFT.

Every father and mother in the State of Ohio and in nearby towns in other States, should make it a point to have their children visit this Exposition. It is in reality a GREAT UNIVERSITY where they will learn the habits and customs of the peoples of the world, and the natives who have been lifted from the depths of despair by the unselfish labor and sacrifice of thousands of men and women who patiently train minds to see the light.

There is nothing sombre about this Centenary Celebration Columbus.

On the contrary, it is all joyful.

But it will make you think.

It will make you proud of your country—proud that you have so many brothers and sisters willing to reach out and help to elevate peoples of other countries to the same standards that prevail here.

This Centenary Celebration Columbus shows what America is doing to build up the manhood and womanhood of other countries—shows it in the most appealing and human fashion—shows it so that what you see will thrill you and make you realize the glorious benefits that are yours in this land of plenty and happiness and Christian brotherhood.

I cannot tell you the whole story in this first announcement—but I want to point out to you two things:

THE PAGEANT, exhibited every evening in the Coliseum, which seats 7500 people—is a production so marvelous, that it attracted D. W. Griffith, the Master Moving-picture artist, whose expert moving-picture operators took a "Movie" of it yesterday.

The Oval Amphitheatre, which seats over 50,000—where is shown the largest screen in the world. It is 133 by 135 feet. On this screen a projecting Machine throws slide pictures, representative of the habits and customs of the peoples of the world, each picture taking a space of 105 ft. square.

These two things alone—if exhibited for money-making purposes—would cost to see at least \$5.00 and \$2.50 respectively—yet you may see EVERYTHING during the day upon an admission ticket costing only 50 cts.—and you can see the wonderful Pageant at night for an extra 50 cts.

This Centenary Celebration cost over \$1,000,000 to stage, and the exhibits themselves, all carefully selected, represent value of more than \$1,000,000. Including today, the Centenary Celebration Columbus will be open 16 more days.

If the people of Ohio and neighboring towns in other States are as keen as I think they are, they will turn out in full force, and give this Celebration an average daily attendance of 150,000.

Make up parties in your home communities—charter special trains—and enjoy the greatest and most inspiring outing you have ever had in your life.

PEARL SHANK DIED IN FRANCE

Fayette county men recently returning from services in France announce that Pearl Shank, said to be a former resident of northern Fayette county, and member of the 84th Division, died in a hospital at Chateau La Roche, Razac, France, last November.

It is announced by the men that due notice of his death was sent to his relatives in Fayette county, and that the deceased leaves a wife in Paint township.

For the purpose of establishing correct records in Fayette county, all information concerning the young man should be telephoned or mailed to The Herald at once. This will be appreciated and will serve to keep the county's war records correct.

HOSPITAL NOTES

William Jones, the colored youth of Bloomingburg, who suffered a severe cut on his ankle when struck by a mowing machine a few weeks ago, has been removed to his home from the Fayette hospital.

Although it was feared at first that the injury would be permanent, complete recovery is anticipated.

During the comparatively short time that the firm has been employing trucks in handling goods, the business has expanded so that at the present time the trucks deliver goods to upwards of 150 cross country points. The firm was one of the pioneers of the middle west in installing truck service for handling goods, and the service has been so satisfactory generally that the fleet of trucks has increased rapidly.

CAN USE MORE HARVEST HANDS

Superintendent Williams, of the local Employment Bureau states that shortage of harvest hands still exists in the county. Although at present many men are being placed yet the situation is not likely to be cleared up before the middle of next week, it is thought.

Fancy wages are being paid to harvest hands this year and that alone is expected to induce numbers into the harvest fields.

PERFUMES AND LOTIONS USED AS BEVERAGES

(By Associated Press)
San Juan, June 8.—(By Mail)—Efforts are being made by the Porto Rican authorities to check the use as beverages of tonics, perfumes and lotions containing alcohol. The Insular Treasurer, Jose C. Benedicto and Dr. del Valle Sarraga of the Health Department recently asked the House of Representatives to enact legislation to prevent the use of such concoctions as intoxicating drinks.

Mr. Benedicto pointed out that it was legally permissible to use alcohol for industrial purposes, under certain regulations, so that any individual could prepare a formula, have it approved by the Treasury and Health Department and sell it freely throughout the island. Theoretically, these preparations were not for internal consumption and were harmful to the health, but in practice it had been found that they were being drunk in alarming quantities, he said. Their sale could not very well be stopped as they were permitted by law.

"Before prohibition went into force here," said Mr. Benedicto, "the alcohol used for industrial purposes in Porto Rico amounted to between 7,000 to 9,000 quarts a month, whereas during last March no less than 52,000

quarts were used and in April, 56,000 quarts."

There were two methods of dealing with the question through the legislature, said Mr. Benedicto. Either by seizing all those preparations which were being used as a drink, although manufactured under insular permits, or by increasing the quarterly license to manufacturers to \$200 instead of the \$25 now being proposed, which would enable only the larger firms to manufacture such preparations and would take them out of the reach of the general public.

FARM NOTES

Present Prices Do Not
Justify Buying Potash

Fertilizers containing as high as five per cent of potash are being advertised in Ohio by fertilizer manufacturers. It is claimed that part of this potash comes from the Alsace mines now under the control of France. At the prices quoted the cost per pound of potash varies from 20 cents in the higher grades of fertilizers to 30 cents or more in the lower

grades. Acid phosphates costs approximately seven cents per pound. Not only is phosphoric acid cheaper than potash but is more effective. As an average of over 100 tests scattered throughout Ohio 175 pounds of acid phosphate per acre has increased the yield of wheat by seven bushels and in addition has produced enough clover to more than pay for the cost of the acid phosphate. Potash added to the acid phosphate produced an extra bushel of wheat but this was not sufficient to pay for the potash. For the wheat crop this fall it will be

good policy to confine the fertilizer purchase to acid phosphate according to soil specialists at the Ohio State University. This may be used in liberal amounts with every assurance of profitable returns.

News From Ohio Berry
Patches and Orchards

Apples, peaches and cherries are dropping from the trees as a result of the cold, wet weather at blooming time. Owing to the unfavorable conditions, they have failed to become fertilized. No control measures may be used.

The cold spring was conducive to the development of scab and other fungous troubles which affect the foliage of fruit trees. The weather has also contributed to more spray injury than usual. However in the face of heavy infection, apple orchards which were properly sprayed at the right time are showing little scab in comparison to those that were not.

Black raspberries and blackberries are expected to give excellent yields this season. To aid next year's crop the tops of the canes should be pinched off when they reach a height of 2½ feet. This causes the canes to become stalker and to develop branches which have a greater bearing surface. The canes must be checked when they reach the desired height and not be allowed to attain considerable length and then be cut back.

PORTO RICAN
TEACHERS STRIKE
FOR MORE PAY

(By Associated Press)
San Juan, May 26. (By Mail)—

Porto Rico is threatened with a strike of 2,500 school teachers unless the legislature makes provisions for an increase in teacher's salaries. The teachers are expected to refuse to sign contracts for the next school year at the present scale of salaries.

Francisco Vicenty, president of the Teachers' Association, started the strike campaign this week.

Commissioner of Education Paul G. Miller put the question of raising funds to pay teachers adequate salaries squarely up to the legislature.

"If the legislature takes the view that there is no money in the treasury with which to pay teachers, the answer is that the legislature is the only agency in Porto Rico that can put money in the treasury by proper revenue measures," said Commissioner Miller. "It is high time that teachers should have an addition of real cash rather than mere words of praise."

Rural teachers are receiving \$40, graded teachers \$60, principal and teachers of English \$75 a month. This is far from what they should receive for their services in view of the high cost of living and especially in view of the fact that Porto Rico has been highly prosperous in recent years. Not only has the assessed valuation of property been increased from \$182,000,000 to \$243,736,000 but our merchants have made handsome profits due to war prices and our planters have sold their products at figures never received before.

"On the other hand teachers' salaries were materially reduced by the legislature in 1914. Rural teachers have since received an increase of \$2 a month which is insignificant.

NEW BISHOPS
ARE APPOINTED

Paris, May 15. (Correspondence to The Associated Press)—Appointment by President Poincare of new bishops for Strasbourg and Metz created a remarkably feeble sensation, considering that it was such a radical departure from French policy on religious questions since the separation of church and state.

It was a surprise only to those to whom it had not occurred that France could not interfere with religious institutions in the returned provinces. The Socialists alone manifested resentment. Other anti-clericals appear to have taken the view that if Alsace and Lorraine must have bishops, those bishops should be French rather than German.

According to the French press, the candidates most favored by the government were not approved by the Vatican. Monseigneurs Ruch and Pelt who were the preference are, however, both ardent patriots.

YANK RAILWAY
ENGINEERS WILL
AID BALKANS

Salonika, May 16. (By Mail)—

With American railway material arriving and American army engineers in the Balkans there is now a prospect that railway conditions in the Near East may soon be bettered. Heretofore the work of rebuilding the thousands of dynamited bridges and of repairing the hundreds of miles of twisted upturn track in Serbia has progressed slowly.

Serbian railroad engineers have been handicapped by lack of labor and material. At present it is a matter of from ten to fifteen days to cross Serbia from Saloniki to Belgrade. If one link of the motor truck service breaks down because of washed out roads or floods carrying away bridges the whole work of the American Red Cross, the American Food and Medicine Commission and the Serbian Relief Fund workers is held up and a through journey to Belgrade or Saloniki across country may require from fifteen days to a month.

American importers, however, should not figure on transporting freight overland through Serbia at this time. Railroads probably will not be regularly running until early in 1920. Belgrade is best reached via Trieste and Fiume rather than from Saloniki.

American shippers will find the harbors and docks at Piraeus (Athens) in Greece, at Saloniki and Constantinople crowded with freight. Lighterage is difficult to obtain. Conditions are better at Constantinople than at Piraeus and Saloniki. At both these latter ports the traffic snarl is almost in a hopeless state.

At Piraeus thousands of tons of Newfoundland codfish which were rotting on the docks have been thrown into the ocean to make room for more urgent freight. With the Greek army still in the field there is a great shortage of labor throughout Greece.

A Departure

The new treaty of Versailles will be the first in the history of mankind which recognizes the rights and independence of the smaller and weaker nations, and the superiority of the people over ambitions and selfish governments.

The treaty of Vienna and that other treaty of Versailles, the first marking the final passing of the militarism of Napoleon and the second inaugurating the regime of William first, Bismarck and Von Moltke, in fact every other old world treaty signed, since men and nations have existed, recognized the autocracy of the government over individuals and proceeded upon the assumption that only by building and maintaining a strong, arbitrary government, could safely be secured to nations and peoples. Every old world treaty framed, heretofore, has enthroned some tyrant in power or builded the governmental edifice which, sooner or later, some tyrant occupied.

Every victory against military tyranny has resulted in a greater and more savage tyranny. Every successful effort to dethrone a despot has, unfortunately for the world, left its heritage of entrenched power. At the conclusion of every old world war the victorious nations have sought to build mightier armies and stronger defenses, for protection only, themselves to become victims of ambition and greed until crushed.

Ever since the earliest dawn of human history, chapter after chapter, the rise and fall of tyrant nations under tyrant kings or cliques.

Since the Medes and Babylonians captured Nineveh and closed the chapter on Assyria's power, on down through the time of Cyrus, of Alexander, of Hannibal, of Caesar, of Napoleon, Bismarck and William second, the story is the same.

The treaty of Versailles, the league of nations with its disarmament provisions, is an experiment. It is man's plan to end this ceaseless warfare which has drenched the world with human blood, taken of the people's toil and wealth to maintain armies and retarded the works of peace.

It is an experiment. It may fail to accomplish the intent of the able men who have proposed it, but it is the only hope of the world. The old plan has failed—always brought misery and a repetition of the tragedy of war and misery, destruction and death.

We know the old way will not do. We can hope for and try the new way.

It is the dawn of democracy throughout the world. We may not be able to guarantee, by treaty pact, the world against another war, but we can hope to do so as we can strive to attain realization of that hope and we can, by honest endeavor, accepting in spirit as well as formally our part of the obligations involved, reduce the probability of war's recurrence very markedly.

It is difficult, strange to say in view of the monumental failure of the past, to convince some men of the necessity for change. Selfishness is deep rooted but selfishness is no longer possible in the world.

The old way of might and force and greed will not safeguard humanity. What then? Cling to the old way or try the new even though time only can demonstrate its worth.

The proposal is a departure from world-old conditions but we must leave the horrors of the ages behind us.

Wire Companies

The Senate and House conferees have reached a conclusion for the termination of the federal control of the telephone and telegraph lines of the nation. Not only has the ultimate conclusion of federal control been determined upon, but the method of returning the wire systems to private control and the time upon which the transfer must be made, has been agreed to.

The action comes too late, it seems, though, to prevent a very substantial increase in rates. Mr. Burleson's boost in service rates, approved by the supreme court of the nation as a proper exercise of the extraordinary powers vested in him and a necessity warranted by the war's demands, still stands.

The Postmaster General is being subjected to some very unpleasant criticism for his action in assuming control of the wire systems and for his plan of operations during the period of federal control.

The net result of federal control of the wire systems seems to be an increased rate of charge, a more inefficient and unsatisfactory service, growing discontent among the employees and general disarrangement of the service.

The national government may have benefitted in war work but the public and the owners have certainly suffered under the regime of Mr. Burleson as the nation's "dispatcher."

POETRY FOR TODAY

A MESSAGE

Was there ever message sweeter
Than that one from Malvern Hill,
From a grim old fellow—you remember?

Dying in the dark at Malvern Hill,
With his rough face turned a little
On a heap of scarlet sand,
They found him just within the
thicket,
With a picture in his hand—

With a stained and crumpled picture
Of a woman's aged face;
Yet there seemed to leap a wild en-
treaty,

Young and living—tender—from
the face,

When they flashed a lantern on it,
Gilding all the purple shade,
And stooped to raise him softly—
"That's my mother, sirs," he said.

"Tell her"—but he wandered, slip-
ping
Into tangled words and cries—
Something about Mac and Hooker,
Something dropping through the
cries

About the kitten by the fire,
And mother's cranberry pies; and
there

The words fell, and an utter
Silence brooded in the air.

Just as he was drifting from them,
Out into the dark, alone
(Poor old mother, waiting for your
message,

Waiting with the kitten, all alone!)
Through the hush his voice broke—
"Tell her—

"Thank you, doctor—when you can—
Tell her that I kissed her picture,
And wished I'd been a better man."

Ah, I wonder if the red feet
Of departed battle-hours
May not leave for us their searching
Message from those distant hours.

Sisters, daughters, mothers, think you
Would your heroes now or then,
Dying, kiss your pictured faces,
Wishing they'd been better men?

—Elizabeth Stuart Phelps Ward.

"PEACH BLEND"—A SUCCESSFUL CAMOUFLAGE

BLOODY WORK OF REBEL BAND

Vera Cruz, Mexico, June 1. (By
Mail)—The death of seventy-five de-
fenseless passengers was one phase
of the revenge taken by the rebel
bands under the nominal command of
Felix Diaz for the death of Aureliano
Blanquet and Francisco Alvarez.

A train on the Intercoastal line,
bearing people being armed only with
instruments of labor was dynamited
between Pino and Las Vigas, the
greater number of the passengers
killed by rifle fire and their bodies
together with the living wounded,
burned when the train was fired.

Within a few days a party of band-
its, commanded by the Aureliano
brothers, burned a large part of the
village of Tapocoyan, causing an un-
determined number of casualties.
Another attack by Pedro Gabey,
falsely reported killed on the Alva-
rado railway near Salinas, claimed
fifteen passengers and fifteen sol-
diers as victims.

The only military success register-
ed was the attack on a military train
near Tierra Blanca, on the Isthmus
railway, at a point known as "Devil's
Backbone", by forces under the rebel
leaders, Villegas and Lagunas. The
young General Ernesto Dany, Major
Cirilo Gamboa and fifty soldiers
were killed. Dany fighting to the
last.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Much local interest follows the announcement of the marriage of Mr. Howard Jenny Manning son of Mrs. William Manning of this city, and Miss Mae Elizabeth Harken, daughter of Mrs. George Harkens, of Weeling, W. Va. The ceremony was performed at the home of the bride Monday morning, and was followed by a wedding breakfast.

The wedding was one of quiet simplicity, the bride, a charming brunette, who has been engaged in teaching in Wheeling, attired in her wedding suit.

The bride-groom is an exceptionally fine young fellow, bright and interesting, who regardless of having been away from here for some years, warmly holds the interest of his Washington friends. After graduating from the Washington High School, Mr. Manning took his university course at Ohio State and has for some time held an excellent position with the Ohio State Inspection Bureau.

Mr. and Mrs. Manning have been enjoying a lake trip, starting from Duluth, Minn., this week, and will arrive here Saturday to visit Mr. Manning's mother and sister, Mrs. Harry Sprenger.

The best wishes of the bridegroom's host of friends are being heartily extended.

A beautiful announcement party, with all the distinctive interest that such an affair suggests, was given by Miss Mayme Allerdiss Thursday evening to announce the engagements of two attractive Washington girls, Miss Estie Bowman and Miss Leona Rhoades.

The lawn and verandah were prettily lighted with Japanese lanterns and after the guests had enjoyed victrola music outside they found the indoors just as inviting, the room radiantly decorated with bright red poppies and other flowers of harmonious hue.

The announcements were cleverly made by presenting to each guest a little crimson heart booklet, in the

pages of which, when opened were recorded the engagements of Miss Estie Bowman and Mr. Arthur R. Fay of Mansfield, with the wedding date set for early July and Miss Leona Rhoades and Mr. Howard Moles, of Urbana, whose wedding will take place early in Fall. The announcements were followed with a storm of good wishes, received with charming responsiveness by the two brides-elect.

Both were wearing graceful gowns of white georgette and the hostess was becomingly gowned in white.

A heart contest, "Who'll be the Next" provided fun galore and the entire affair was one of congenial merriment, participated in by the twenty young women who were guests.

A dainty repast was served and punch all evening.

Mrs. L. C. Rhodes and Mrs. J. W. Cain, both sisters of the hostess, assisted in the hospitalities.

The guests were: Mesdames Will Allerdiss, Mayme Anderson, Ben Mader, Albert Rhodes, Misses Addie Wiggington, Vera Veail, Cecil Reeder, Ida Hays, Bess Dean, Ressie West, Grace Miller, Louise Toddhunter, Ina Bowman, Verne Elliott, Sarah Allerdiss and Ruth Kelly.

The luncheon with which Mrs. Harley T. Wilkin entertained the members of her club—The Thursday Bridge-Luncheon Club—and a few favored guests Thursday was one of the most beautiful and perfect in appointment of any in the season's gay series.

The table was a picture with exquisite luncheon set and wonderfully artistic and unusual centerpiece, a glass fountain of flowers, in which the blue delphinium and the yellow Shasta daisies formed the keynote of the effective color scheme carried out in the china and the nut baskets as well as in the delicacies served.

"Miss Vera Veail, of Washington, C. H., past deputy grand matron and Mrs. Lucy B. Price, of Circleville, one of the officers of the Grand Chapter of the State of Ohio were the dinner guests on Monday evening of Mr. and Mrs. G. L. Weagley, on Vine street. After dinner they all attended the institution of Chillicothe Chapter, U. D., of the O. E. S. at the Masonic Temple."—Scioto Gazette.

The University Club is making plans for a big dance to be given next Thursday evening, July third at the Knights of Pythias Castle.

PLAN BIG DANCE
ON STREET FOR
NIGHT OF FOURTH

Market Street is Selected
For Dance For Benefit of
Washington Band.

Hundreds of Couples Are
Expected to Take Part
In Jolly Event.

One of the largest dances in the history of the county is scheduled for the evening of July 4th. The dance will be modeled after the public dance which was held on the night of May 27th, and everything that will make the dance a success is to be done.

The management of the Washington Band is at the head of the affair and the dance is planned for the benefit of the band, or in order that the best talent may be secured for the weekly concerts to be given on each Tuesday evening during the summer months.

It is announced that the section of Market street between Main and Fayette streets has been secured for the affair. The asphalt will be put in the best condition possible and an elaborate lighting system will be used. The latest musical hits will furnish inspiration to the terpsichorean devotees and those who remember the night of the 27th, know that the band is not lacking in spirit.

It was also announced that the affair will be advertised in all surrounding towns and Greenfield and Wilmington will no doubt send large representations.

DEFENDANT GIVEN
DIVORCE DECREE

After hearing the evidence in the case of Bertha Davis against James E. Davis, in a petition for divorce in Probate Court Friday morning, Judge Allen awarded a divorce to the defendant on the grounds of gross neglect of duty. The plaintiff was not in attendance but was represented by her attorney at the trial.

The custody of the child, Rosetta May Davis, was given the plaintiff, except for a period of one week every three months when the child shall be under the protection of the defendant.

The plaintiff was represented by Post & Reid, and the defendant by Gregg, Patton & Gregg.

SAN JUAN NOW
400 YEARS OLD

San Juan, June 27. (By Mail)—The fourth of July marks the 400th anniversary of the founding of the city of San Juan, making it the oldest city under the American flag, and a committee is at work arranging for a celebration of that event and the signing of the Declaration of Independence.

Cuba, San Domingo and St. Thomas have been invited to send representatives to take part in the celebration.

That July 4, 1519, is the exact date of the foundation of the city of San Juan is the opinion expressed by Cayetano Colly Taste, historian, who has traced the history of the island since the first landing of the Spaniards in 1509.

According to Dr. Taste the first Spaniard to set foot in the island of "Borinquen" was Juan Ponce de Leon, who landed on the 12th of August, 1509.

PROHIBITION IS EFFECTIVE MONDAY

(By Associated Press)

Washington, June 26.—Wartime prohibition will become effective next Monday at midnight, without enactment meanwhile by Congress of additional legislation for its enforcement.

Out of a maze of confusing developments, this fact stood out clearly today with the decision of the House Judiciary Committee, charged with the duty of preparing an submitting enforcement machinery, to report three bills in one, each standing on its own legs—and capable of holding its own in the event the others were made invalid by Congress or the courts.

BOTH DRY AND WETS REJOICE

(By Associated Press)

New York, June 26.—Attorneys for both brewers and the Federal Government claimed tonight to have gained a victory through an opinion handed down by the United States Circuit Court of Appeals modifying Judge Mayer's preliminary injunction against interference with or prosecution for the production and sale of beer containing more than 2.75 per cent alcoholic content.

The appellate court decision permits United States Attorney Francis G. Caffey to proceed as he sees fit in the prosecution of retailers and brewers of such beer, but continues in force the injunction forbidding Richard J. McEligott, acting collector of revenue, from interfering with the manufacture of 2.75 beer pending a decision as to whether it is "intoxicating."

OPPONENTS TO RESUME FIGHT

(By Associated Press)

Washington, June 26.—Turning aside from the more immediate issues of the League of Nations fight, the Senate opponents of the league began a determined effort today towards agreement on a plan for their final fight against ratification of the league covenant in its present form.

MOB HANGS AND BURNS A NEGRO

(By Associated Press)

Ellisville, Miss., June 26.—Trained for ten days through southern Mississippi by posses, which included several hundred members of his own race, John Hartfield, negro, confessed assailant of an Ellisville young woman, was captured desperately wounded in a cane brake this morning, rushed to by an automobile to the scene of his crime, hanged to a gum tree and burned to ashes. His victim identified him and witnessed his execution.

Governor Bilbo, petitioned during the day to intervene, in a statement issued at Jackson shortly before the lynching declared himself "utterly powerless" and said that interference would only add deaths and that "no body can keep the inevitable from happening."

It has just about gotten so in this country that anybody can have ideals that everybody ought to live up to.

SAY REPORT POLITICAL DECEPTION

Kitchin Declares Republican Claim of Great Saving Without Truth

SAYS FACT IS LACKING

Denouncemet is Made on Floor of House.

(By Associated Press)

Washington, June 27.—Statements of republican leaders in the House that their party had saved the people \$1,500,000,000 by eliminating "democratic extravagance" from supply bills passed by the House, were denounced in the House today by Representative Kitchin of North Carolina, as "masterpieces of political deception."

The former democratic House leader discussed at some length a statement given out last week by republican leader Mondell and declared it was "rich in false impressions, wrong inferences and bald misstatements of facts."

"But it accomplished its purpose," he said. "The republican press picked it up and made great capital of it, spreading the false statement of 'republican economy and retrenchment' across the front pages in bold headlines."

CLOAK MAKERS ON STRIKE

Boston, June 27.—The shops of the garment making trades in this city were affected by a strike of cloak and skirt makers today. Strike leaders said 3000 workers were out. They demand a 44-hour week and abolition of piece work.

INSECTS DESTROY RYE FIELDS

Urbana, June 27.—H. L. Lewis federal entomologist, conducting a grain survey in Champaign County today found a 15-acre field of rye completely destroyed by some insect as yet undiscovered. He has sent for a state expert to assist him in ferreting out the bug. Stalks of rye have been eaten off, some near the ground, others higher up, and the stems reduced to powder.

Trade With Your Home Grocers They Are Your Neighbors and Your Friends

EACH Community is a neighborhood in itself—you depend on each other. You meet and talk over the things you like and the things you don't like. And so your grocer knows what will please you better than any peddler or mail order house.

Patronize him. You not only help him, but you help yourself and your community.

You take pride in your town. So does your grocer. You want his good will and he wants yours. Encourage him to keep the goods you like. He will sell you the best because he wants you, his neighbor,—to be his friend.

It is to your advantage in many ways to buy from the following reputable grocers. Do so.

VETERAN OF THE MEXICAN WAR PASSES 95 YEARS

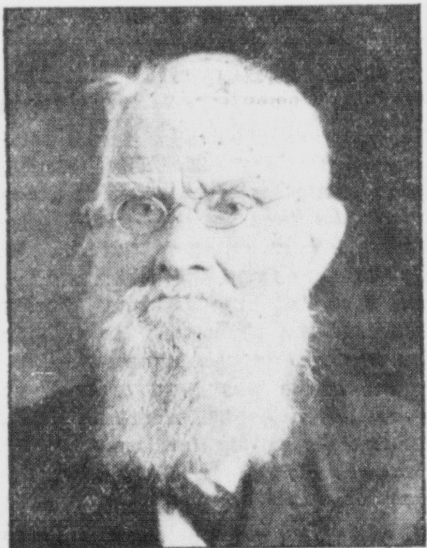

Venerable B. F. Jacobs, of Near Parrotts Station, A Remarkable Man.

One of Three Veterans of Mexican War Now Residing in State of Ohio.

One of Fayette County's most notable citizens is the venerable Benjamin Franklin Jacobs, of Parrott station who was 95 years of age on May 19, 1919, and who bears the distinction of being one of three living Mexican war veterans in the state of Ohio, the other two being Levi Hartman and John Cornwell, of elsewhere in the state.

Mr. Jacobs not only served in the Mexican war in 1847 and 1848, but saw over three years of service in the Civil war, taking part in a number of the worst engagements of that war.

At the present time Mr. Jacobs is in exceptionally good health and is wonderfully active for a man of his years, enjoying every day of life and taking an active interest in everything generally. He is a great reader and spends much of his time reading the newspapers.

B. F. JACOBS.

Mr. Jacobs was born at Wardensville, Hardy County, Virginia (now West Virginia), May 19, 1824. He enlisted in the service for the Mexican war from Moorefield, Feb. 19, 1847, and fought in the last four decisive battles of the war at Contreras, Churubusco, Molino del Rey, and Chapultepec. He was discharged at Fort Monroe, Virginia, August 19, 1848, and received a certificate of merit recorded at the Adjutant General's office, May 10, 1848.

He enlisted in the Civil war Sept. 6, 1861, as a private and was made First Lieutenant, October 14, 1861, remaining in the service until his regiment was disbanded. He fought at Louisville, Va., Elk River, Va., Strawberry Plains, Tenn., was pinned up 30 days at Fort Sanders during the siege at Knoxville. He helped take 2,000 prisoners at Cumberland Gap. Mr. Jacobs was discharged from service March 2, 1864.

Sixty years of his life has been spent in Fayette county, during which time he has watched the steady development of one of the greatest communities in the world.

A great blow to the noted warrior was the death in 1914 of his beloved wife.

Mr. Jacobs has two children, Mr. Frank Jacobs at the home farm, and Mrs. Leno McKenzie, of Highland county.

MUCH INTEREST IN JULY 4TH BOUTS

Fans have hailed with delight the announcement that a boxing bout is to be put on in this city on the afternoon of July 4th, and wrestling fans also are looking forward to a very fast match between Matsuda and the "Masked Marvel," the latter having a record of winning 42 straight matches in New York City.

Tony Lascola, boxer of nation-wide reputation, and Johnny Myers, also regarded as one of the fastest boxers at 135 pounds in the ring today, who will put on the six-round boxing bout here, will give local fans some real sport. Both are clever men and each will go after the other in real earnest, so that the contest promises to be of great interest.

Reports indicate that there will be a large number of women in attendance at the boxing contest and wrestling bout, and they will be admitted without charge where accompanied by an escort, it is announced.

The elevated ring used at the armory for the wrestling bouts will be moved to the Sunnyside ball park for the event July 4th.

Returns from the Willard-Dempsey bout will be announced from the ring-side at frequent intervals during the boxing and wrestling bouts.

BOARD REVISOR BUSILY ENGAGED

The Fayette County Board of Revision has completed the work of placing values on new structures in the city and county, and within a few days will take up the work of scrutinizing the personal returns of the county with a view to making all revisions deemed necessary.

TAX COLLECTIONS

At the close of business Thursday evening, the books of County Treasurer A. W. Duff showed collections amounting to \$52,445.34, indicating that tax returns are being paid promptly.

A Wonderful New Selection of White Hats

In All Their Summer Freshness

To those planning their vacation trip this holds double interest, for as a general utility hat, answering every purpose. These are supreme. Milans, Basket Weaves, Manila Panamas, Leghorn Braids. They are inclined toward the smart tailored effects, which has much to do with their "general purpose" adaptability. For those who require something more dressy there is a most lovely rainbow display of the favored Pastel Tints in Sport Hats. Blue, Orchid, Pink, Green are some of the good tints. The prices on this new display are indeed reasonable.

\$4.50 to \$10.00

Some Very Beautiful Dress Leghorns

Some very lovely dressy effects have been created with Leghorn Braids and Taffeta and this display features some of the cleverest Taffeta Crown and Brim effects are wonderfully good.

Flower and Ribbon Trims are much in evidence and some of the handsomest models are trimmed with these.

Friday and Saturday will find our millinery section a most attractive place.

FEW ATTEND MEETING FOR REORGANIZING GUARD COMPANY

The meeting of the World War Veterans, called for Thursday evening at Memorial Hall, was not largely attended, and as result it was deemed best not to take further steps in the organization of a National Guard company until another meeting had been held.

Those in attendance at the meeting expressed a willingness to give their support and aid to the movement and it was agreed to make a county wide campaign. Every man who was a former member of M Company and every man who served in any other unit, will be notified through the mails in regard to the date of the next called meeting and the purposes of the meeting.

Several of those present were of the opinion that the company could be formed successfully if the matter were put before the men in the proper manner. Another meeting will be called in a few days.

Captain Don Caldwell of Greenfield was called home at the last minute and was unable to be present, but will probably be here for the next meeting.

100 LOCAL CITIZENS ABOARD SPECIAL

Approximately a hundred local people went to the Centenary at Columbus, Friday morning, on the special train.

The train also carried a large number of people from the smaller towns on the lower end of the road. Bloomingburg and Mt. Sterling also sent large representations.

The time of departure of the special and also its return to this city made it very convenient for local citizens to make the trip by rail instead of by auto.

AT WILMINGTON

The local fans will be interested to know that the Lilly Brews of Dayton will play the Wilmington Clintons on Wilmington grounds Sunday afternoon. The return game comes as the result of the first game of the season, when both teams played to an eleven inning tie. The Clinton fans are expecting a real game when the teams tie up again Sunday.

Columbia Lodge No. 21 will have their annual Thanksgiving sermon Sunday, June 29, at A. M. E. Church.

OPENING DAY AT BLOOMINGBURG

The opening day of the Chautauqua at Bloomingburg Thursday was greeted by two large audiences. The Hugh Anderson Quintette gave a great musical program both afternoon and night, which was followed by the masterful presentation of Booth Tarkington's "The Country Cousin" by Miss Jeanette Kling.

The entertainment program of Friday is provided by the charming Emerson-Winters Company. Mr. Winters entertains with clever spoken songs and other Chautauqua novelties. His partner both on the platform and off of it, is Mrs. Winters, a whistler of musical clarity and beauty of tone, whose bird imitations have even barred the birds themselves.

Dr. Harby gave his timely lecture "Parasites" Friday afternoon which is a call to higher and nobler service.

Friday night, The Floyds, the master magicians will give a program of melody, mirth and mystification.

The people should not miss this unique performance.

HOUSEWIFE BECOMES NEW WOMAN

"All of our best doctors had given me up. I was unable to leave my bed for 16 weeks and was yellow as a pumpkin, besides the terrible stomach pains I suffered. Our druggist advised my husband to try Mayr's Wonderful Remedy and it has saved my life. I am a new woman now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

THOMAS BURKE ANOTHER CARUSO

London, May 25. (By Mail)—Thomas Burke is the name of a new tenor acclaimed by the British press and public as another Caruso. He sprang into fame the other night at he open of the Covent Garden opera season when with Mme. Melba he appeared in "La Boheme."

Mr. Burke was born of Irish parents in Lancashire, where he still is interested in pig farming. At St. Joseph's School in Leigh, where he was educated, he was taught music by the Jesuit fathers. Later he studied in Italy under Ernesto Colli.

If the correspondents in Paris guess often enough as to when the President will sail for home they may strike it right.

Lalley Light and Power

Is a Paying Investment

On top of all the savings it brings—savings of time and labor and actual money—Lalley Light itself is a saving and a good paying investment.

You might be inclined to doubt that. But owners themselves say so. Read their own words:

From the Justice Garage, at Spencer, S. D.:

"Since installing the Lalley, it has cut down our light bill almost \$15 per month."

George Reudi, Bloomfield, Neb., says his plant doesn't cost three cents a day—for light and the washing and ironing in addition.

Can you run your lamps and lanterns on three cents' worth of oil per day?

William Kroeze, Arlington, Wash., says that his Lalley expenses are very small for running 25 lights, a washing machine and an iron.

From Texas, G. W. Toone writes that he has had experience with several plants, and finds that Lalley costs less to run than any of the others.

At Shelby Settlement, Ohio, Father Jacob Kuebler lights the Sacred Heart Church, the parish house and the sisters' house with Lalley, for less than 8 cents per day. So there is only one way you can consider Lalley-Light—and that is as an economy. At the end of the year, you can figure up—in dollars and cents if you like—the exact Lalley savings.

And you will find, more than likely, that they come very close to paying for the plant, if they do not actually pay for it.

TO DEALERS:

If there is no Lalley Light dealer in your immediate vicinity, write us, as we have a very attractive dealer proposition.

LACTOFEED
 NEAR-SOLID BUTTERMILK

Lactofeed is an auxiliary feed that is just naturally so crammed full of pent-up energy a hog can't help enjoying himself when he tastes it.

The value of any kind of feed is determined by its percentage of digestibility—how much of it really does the work?

The digestibility of crude protein in corn meal is about 76 per cent; that of carbohydrates in corn meal is 84 per cent. IN LACTOFEED IT IS ONE HUNDRED PER CENT!

Lactofeed is distributed by the manufacturer through all cream stations operated by the J. A. LONG CO.
